

## *Press Release*

### **European Network of Transmission System Operators for Gas launches a new Website**

The European Network of Transmission System Operators for Gas (ENTSOG) has launched a new Website today.

Vittorio Musazzi, ENTSOG General Manager, said,

“The new design reflects ENTSOG’s efforts as well as our commitment to being open and accessible to the stakeholders.”

Improvements to the website include:

#### **New Design**

- > for a better orientation and compatibility

#### **More Information**

- > for understanding ENTSOG’s activities

#### **Enhanced Navigation**

- > for an easier navigation through the site

#### **New Features**

- > Search function – to find quickly the information visitors need
- > Social networking buttons - with links to all our online presences
- > Email alerts – to be up-to-date

Enjoy our new website: <http://www.entsog.eu>

Should you require any further information please contact Vittorio Musazzi (+32 2 894 5102, [vittorio.musazzi@entsog.eu](mailto:vittorio.musazzi@entsog.eu)).

#### **Editorial notes**

- > ENTSOG was founded on 1 December 2009 in line with Regulation (EC) 715/2009 (REG-715) and currently comprises 40 members and 2 Associated Partners from 24 EU countries, and 3 Observers from 3 non-EU countries.

- > In line with Articles 6, 7 and 8 of the REG-715, ENTSOG has the task to elaborate network codes in a number of areas and to adopt a non-binding community-wide Ten-Year Network Development Plan on biennial basis, Winter and Summer Supply Outlooks, common network operation tools, recommendations relating to the coordination of technical cooperation between community and third-country Transmission System Operators, Annual Work Programmes and Annual Reports.
- > ENTSOG carries out an extensive consultation process regarding its activities and involves all relevant market participants at an early stage and in an open and transparency manner.
- > ACER monitors the execution of ENTSOG tasks in accordance with Article of REG-715.
- > The European Commission monitors the implementation of REG-715 and prepares respective reports in accordance with Article 29 of the Regulation.
