

## *Press Release*

### **ENTSOG publishes 2016 edition of its Annual Work Programme (AWP)**

**(PR0098-15, Brussels, 30 December 2015)** The 24<sup>th</sup> General Assembly of ENTSOG has approved the publication of the 2016 edition of the Annual Work Programme (AWP) of the association. The AWP shows that the ENTSOG activities for the year 2016 are in line with the Three Year Plan issued by the European Commission.

Vittorio Musazzi, ENTSOG General Manager, said, “In 2016 *ENTSOG will be deeply involved the monitoring of the implementation of the three network codes CAM, BAL, INT and the guidelines on CMP. In addition ENTSOG will support the EC with the final documents for the Gas Committee process related to the NC on the Harmonised Transmission Tariff Structures for Gas. Finally the preparation of the new release of the Ten Year Network Development Plan will complete the main tasks of ENTSOG.*”

ENTSOG has found a good balance with regard to the need for internal resources and member contributions to meet the challenges ahead.

#### **Editorial notes**

- > ENTSOG was founded on 1 December 2009 in line with Regulation (EC) 715/2009. The current number of Members, Associated Partners and Observers can be found [at this link](#).
- > In line with Articles 6, 7 and 8 of the Regulation (EC) 715/2009, ENTSOG has the task of formulating network codes in a number of areas and of adopting various communications: a non-binding community-wide Ten-Year Network Development Plan on biennial basis; Winter and Summer Supply Outlooks; common network operation tools; recommendations relating to the coordination of technical cooperation between community and third-country-TSOs; annual work programmes and annual reports.
