

ENTSOLOG IS RECRUITING!

We are seeking a candidate for the ENTSOG System Development Team

SCENARIO CONVENOR

SYSTEM DEVELOPMENT TEAM

THE ROLE OF ENTSOG

ENTSOLOG has been established to **facilitate and enhance cooperation between national gas transmission system operators (TSOs)** across Europe to meet European Union energy and climate goals. Its objectives are to promote the completion of the internal market for gas and stimulate cross-border trade, ensure the efficient management and coordi-

nated operation of the European gas network and facilitate the European network's sound technical evolution.

ENTSOLOG offers a diverse office environment, with colleagues from all over Europe.

ABOUT YOUR ROLE AS SCENARIO CONVENOR

You will be with the System Development team and take part to the development of energy scenarios to meet the Climate and Energy objectives of the European Union. **The position requires adaptability and communication skills to work in collaboration with EU institutions, European associations and external stakeholders in a challenging and rapidly developing EU energy environment.**

You will participate in shaping the future European gas system to meet the challenge of decarbonisation and in providing expertise to help key policy makers in the application and development of EU gas regulations.

APPLY NOW – THE INTERVIEWS WILL TAKE PLACE IN OCTOBER 2022!

CANDIDATE REQUIREMENTS

The Candidate will be **based in Brussels** and should be ready to **start work as soon as possible at the latest during Q4 of 2022**.

Appointees from ENTSOG Members will be seconded based on a contract between ENTSOG and the seconding TSO, usually for a period of typically 3 years.

SOME OF THE KEY RESPONSIBILITIES OF THIS CONVENER ROLE INCLUDE:

- ▲ Support for the development of European energy scenarios: production of tools and reports;
- ▲ Data collection and management;
- ▲ Liaison with ENTSOG Members and stakeholders;
- ▲ Participation in processes led by the European Commission, ACER and other European authorities.

CANDIDATES SHOULD HAVE:

- ▲ Adaptability, sense of initiative and autonomy;
- ▲ Interest in European energy systems and in the interactions between electricity and gas (methane, hydrogen);
- ▲ Interest in the climate change debate, renewable and decarbonised gas, new uses of gas and other relevant issues;
- ▲ At least 5 years of professional experience;
- ▲ Good knowledge of MS Excel and ideally Power Queries and Power BI;
- ▲ General knowledge of the European gas market framework and the European Institutions;
- ▲ Familiarity with (EU-wide) scenario building and/or energy infrastructure;
- ▲ Inter-relational skills and ability to coordinate working groups;
- ▲ Writing and presentation skills in English.
