Q2: Are there any other activities that should be included in the AWP 2018, or activities which should take priority within the document?

YES

If „YES“, what other activities should be addressed?

UPRIGAZ suggests that ENTSOG undertakes ; in liaison with the EU Commission and ACER, to develop a series of regional Safety of supply/contingency plans, according to the guidelines streamlined in the EU regulatory framework.

Are there elements of the AWP 2018 which should be excluded?

Q3: Are the objectives and deliverables described in each Business Area (e.g. Market, System Development, System Operation) and General and IT Areas realistic?

YES
