

## Feedback on preparation by EFET and ENTSOG of workshops on issues regarding bundling of capacities

### Selection of issues

Do you consider the selection of the 4 issues which are mentioned in the Joint Paper to take the right priorities into account? (**Yes/ Partly/ No**). Please elaborate.

Yes	Partly	No

### Issue 1: Already contracted unbundled capacity and offer of bundled products only

Do you find that the proposed solutions of identified issue no.1 are efficient to resolve the described issue? (Yes/Partly/No) Please elaborate. Are there any other solutions you would like to propose? Please elaborate.

Yes	Partly	No

### Issue 2: CMP regulation & its consistent implementation across IPs

Do you find that the proposed solutions of identified issue no.2 are efficient to resolve the described

issue? (Yes/Partly/No) Please elaborate. Are there any other solutions you would like to propose?  
Please elaborate.

Yes	Partly	No

**Issue 3: Alignment of secondary marketing of bundled products**

Do you find that the proposed solutions of identified issue no.3 are efficient to resolve the described issue? (Yes/Partly/No) Please elaborate. Are there any other solutions you would like to propose?  
Please elaborate.

Yes	Partly	No

**Issue 4: Aligned procedures for the surrender of capacity**

Do you find that the proposed solutions of identified issue no.4 are efficient to resolve the described issue? (Yes/Partly/No) Please elaborate. Are there any other solutions you would like to propose?  
Please elaborate.

Yes	Partly	No

**Participation in the organising expert group**

In order to organize the workshops on 20 May and 30 June 2015 some ENTSOG and EFET members formed an expert group. Stakeholders who would like to contribute to the organisation of the workshops are invited to join the expert group.

The organising expert group will meet 11 May and 11 June 2015. Telco's may be scheduled in addition.

Do you wish to participate in the expert group? (**Yes/ No**). In case yes, please provide contact details.

Yes	No
