

8th TRANSPARENCY Workshop

Opening Note

Vittorio Musazzi
ENTSOG, General Manager

ENTSO-G Members

ENTSOG 8th TRANSPARENCY Workshop

- **ENTSOG has always been promoting transparency**
 - Operation of “gas-roads” (established in 2008 by GTE+), continuous development of additional tools and functionalities, promotion of TSOs’ participation
 - Coordination of its members for the implementation of the transparency guidelines, CMP procedures and the data that have to be published
 - Organization of annual transparency workshops as a basis for communication with platform users
 - Cooperation with EC and ACER on the development of the Development of concrete proposals for the publication of data related to tariffs

ENTSOG 8th TRANSPARENCY Workshop

ENTSOG has always been working in full transparency

- Together with EC and ACER and with **full involvement of stakeholders** is working on the completion of the internal gas market
 - Pan-European Network Codes cross-border/market integration issues
 - Pan-European Ten-Year Network Development Plan ('TYNDP')
 - Regular gas supply/demand outlooks on the European market
 - Common operational tools (CNOTs): network security and reliability
 - Provision of information/data (Transparency Platform, maps)
 - Annual work program and the reports
 - Integration with Energy Communities
- All documents developed are published and feedback is always the base for their improvements

ENTSOG always tries to be a fair partner to all

Content of today's workshop:

- The New ENTSOG TP and all its features
- The work done related to the Implementing Acts of REMIT
- The transparency rules proposed to be included in the tariff NC

Active participation and feedback are expected and always welcomed

Thank You for Your Attention

Vittorio Musazzi
