ENTSOG opens public stakeholder consultation on its Annual Work Programme (AWP) 2015

(PR068-14, Brussels, 30 June 2014) Today ENTSOG launches a public consultation on its Annual Work Programme 2015. The feedback of stakeholders will contribute to both defining the right priorities and identifying the most relevant projects for ENTSOG. However, the ENTSOG activities for the year 2015 have to be in line with the Three Year Plan issued by the European Commission.

Vittorio Musazzi, ENTSOG General Manager, said, *“The AWP 2015 is based on the development of Network Codes and other important activities such as publishing the Ten-Year-Network-Development-Plan, Gas Regional Investment Plans, Seasonal Outlooks and a number of other activities contributing to the implementation of the internal market.”*

The consultation starts today (30 June) and will be open until 18 August 2014.

Both, the AWP 2015 (draft version) document and the consultation template are available at: <http://www.entsog.eu/publications/annual-work-programme-awp-annual-reports#ENTSOG-ANNUAL-REPORTS>
